Information About our Use of Cookies

Our website uses cookies to distinguish you from other users of our website. This helps us to provide you with a good experience when you browse our website and also allows us to improve our site. By continuing to browse the site, you are agreeing to our use of cookies.

Cookies are small pieces of text stored on your computer when you visit a website or a mobile app. They are not programs and cannot be executed as code or deliver viruses – instead, cookies act more like a passport, which the site checks and updates whenever you visit. Most websites that you visit will use cookies to improve your user experience. Their functions include verifying your identity for security purposes, determining the type of browser and settings you are using or allowing site owners and third-party advertisers to tailor content to your preferences. Cookies are managed by your browser. Each cookie is unique and contains some anonymous information such as a unique identifier, site name, digits and letters. It allows a website to remember your browsing preferences.

Types of Cookies

Consent

On the basis of the GDPR and the ePrivacy Directive regulatory framework, cookies can be divided between two main categories - necessary cookies (essential and performance), which do not require user's consent and preference cookies (functionality and targeted/advertising), which do require a user's consent. You give your consent when you select 'Accept all cookies' on the pop-up that will appear whenever you use our Website. Just so you know, you can always choose which cookies you allow us to use, apart from essential and performance cookies, which can't be turned off. If you change your mind and want to withdraw your consent, you can do so at any time, just select the cookies you want to accept on the pop-up or via your internet browser. You can read more about this in our 'change cookies section below'.

We use the following cookies:

Strictly necessary cookies. These are cookies that are required for the operation of our website. They include, for example, cookies that enable you to log into secure areas of our website.

Analytical/performance cookies. They allow us to recognise and count the number of visitors and to see how visitors move around our website when they are using it. This helps us to improve the way our website works, for example, by ensuring that users are finding what they are looking for easily.

Functionality cookies. These are used to recognise you when you return to our website. This enables us to personalise our content for you, greet you by name and remember your preferences (for example, your choice of language or region).

Targeting cookies. These cookies record your visit to our website, the pages you have visited and the links you have followed. We do not use targeting cookies.

Please note that third parties (including, for example, providers of external services like web traffic analysis services) may also use cookies, over which we have no control. These cookies are likely to be analytical/performance cookies or targeting cookies.

You block cookies by activating the setting on your browser that allows you to refuse the setting of all or some cookies. However, if you use your browser settings to block all cookies (including essential cookies) you may not be able to access all or parts of our site.

Why Do We Use Them?

- ◆ Cookies can help us understand how our Website and mobile app are being used to analyse our services and make improvements where necessary;
- ◆ To personalise our Services and provide a better experience for you;
- ◆ Advertising and analytics cookies also allow us to see what pages, links and sub-domains visitors have visited so we can provide more relevant ads;
- ◆ To monitor our performance;
- ◆ To optimise your trading experience, including remembering your preferences, location, preferred language, browser and other details;

- ◇ To authenticate your identity for security purposes; and
- ◇ To maintain our Website and certain functions available on it.

You can always choose which cookies you allow us to use, apart from essential and performance cookies, which can't be turned off.

Changing Cookies Settings

You are able to allow or object to the use of non-essential cookies through the cookie management tool available on our Website.

You can set or amend your web browser controls to accept or refuse cookies. If you choose to reject cookies, you may still use the Website though your access to some functionality and areas of the website may be restricted. If you block cookies, you will not be able to use all the features on our Website and trading platform and may have a different experience of our services. You can also delete cookies already stored on your computer. Again, doing this may have a negative impact on the usability of our services.

As the means by which you can refuse cookies through your web browser controls vary from browser to browser, you should visit your browser's help menu for more information. It is necessary to follow the instructions provided by the web browser, which are usually located within the 'Help', 'Tools' or 'Edit' menus.

Consent

By accessing and/or using our Website(s) and/or our services, you are consenting to our placing Cookies on your computer in accordance with this Cookies Policy. Please read this Cookies Policy carefully for more details about the information we collect when you use our Website(s).

If you do not wish to accept Cookies pursuant to this Cookies Policy in connection with your use of our Website(s), you must stop using our Website(s).

Changes to our Cookie Policy

This cookie policy may, at our discretion, be updated from time to time.

Any changes we make to our cookie policy in the future will be posted on this page and, where appropriate, notified to you by e-mail or post. Please check back frequently to see any updates or changes to our cookie policy.
